Safety For Our Children

Lowrie Primary School parent Jim Fitch has formed a Safes Routes to School Committee. Students cross to school at three main cross walk areas, two of which are roundabouts on the busy Barber Street. The number one priority is to keep kids safe in these high traffic areas but we hope to accomplish two other important goals as well: promotion of health walking or wheeling to school and bringing the community together. He is recruiting parents and local community members to become crossing guard volunteers in the mornings and afternoons. The Lowrie Primary PTA includes community outreach in our mission statement. This opportunity is another chance for community members to come together for the safety of our children. For more information contact a c t j i m
